PROFESSIONAL EXPERIENCE

Chief Financial Officer / Controller 2011 – Present

Szakacs Automotive Group · Cranbrook, BC

Senior financial executive for a multi-entity organization operating across multiple locations and jurisdictions, responsible for every aspect of finance, governance, human resources, and corporate administration.

KEY RESPONSIBILITIES

Direct budgeting, forecasting, cash flow management, financial reporting, and capital planning.

Manage lender relationships, covenant reporting, financing facilities, and treasury functions.

Establish and maintain internal controls, risk management programs, compliance procedures, and governance frameworks.

Ensure the integrity of financial records by preparing and reviewing journal entries, reconciling accounts, and ensuring accurate recording of financial transactions and supporting documentation.

Coordinate legal, regulatory, insurance, payroll, HR, IT, and corporate administration functions.

SELECTED ACHIEVEMENTS

Led all financial operations for a multi-entity organization operating across multiple locations and jurisdictions.

Successfully led the migration of four locations to a new dealership management system, improving system integration, reporting capabilities, and operational efficiency through comprehensive project planning, data conversion, and change management.

Maintained working capital management initiatives across six operating locations, overseeing accounts receivable collections, credit administration, and payment processes to maintain strong cash flow, minimize aged balances, and support organizational financial stability.

Responded to complex and often sensitive financial matters involving customers, employees, and external stakeholders, exercising courtesy, tact, and diplomacy to achieve positive outcomes while maintaining strong working relationships.
